

## **Fire Chief Brad Landi Website Bio**

Chief Landi started his career in 1987, as a college student & firefighter at California State University, Chico, where he graduated with a Bachelor of Arts in Information and Communication Studies (1990).

His career goals took him to Austin, Texas where he started working for the Jollyville Volunteer Fire Department, and then he accepted a position with Austin Fire Department. After 24 years of service with AFD, he retired and became the Fire Chief of Jollyville Fire.

During his career, Chief Landi furthered his education with an Associates of Applied Science in Fire Protection Technology from Austin Community College (2006) and an Associates of Applied Science in Emergency Management from Frederick Community College (2007). He has also acquired multiple masters level certifications through the Texas Commission on Fire Protection and the State Firefighters and Fire Marshals Association of Texas. Chief Landi is also a graduate of the Texas Fire Chiefs Academy as a Certified Fire Executive (CFE), the Texas A&M/TEEX Fire Service Chief Executive Officer (FSCEO) program and is designated a Chief Fire Officer (CFO) through the Center of Public Safety Excellence (CPSE).

Chief Landi has also presented at multiple national conferences, teaching about both Firefighter Mental Health and Firefighter Line of Duty Deaths.

Chief Landi is currently the Treasurer for both the Capitol Area Fire Chiefs Association (CAFCA) and the Williamson County Fire Chiefs Association (WCFCA), on the board of trustees for the Texas Emergency Services Retirement System (TESRS) and a legislative committee member for the Texas Fire Chiefs Association (TFCA).

Chief Landi has been in the fires service for 37 years and has no plans of slowing down any time soon!
