

Portable Outdoor Fireplaces

Must be at least 15 feet from structures and any other combustible materials

Only solid fuels are allowed (no trash)

Fire may not be below electrical drop lines or low tree branches

May be an open design or equipped with a small hearth opening and a short chimney or chimney opening in the top

Must be constantly attended by a competent adult

A portable fire extinguisher with a minimum 4-A rating, or alternative means of extinguishment such as a working garden hose, must be in place for immediate use.

Fires emitting smoke or ash that may be harmful to surrounding property owners, or when atmospheric conditions or local circumstances make such fires hazardous, will be required to be extinguished.
